

The Honorable Nancy Pelosi
Minority Leader
U.S. House of Representatives
Washington, DC 20515

Dear Leader Pelosi:

Thank you for bringing EPA and others together on July 31, 2018, concerning the status of ongoing cleanup and conveyance activities at the Hunters Point Naval Shipyard Superfund Site. EPA shares the concerns you raised in your briefing and is committed to placing the highest priority on ensuring that the cleanup is complete and protective and that the community is involved throughout this process. Thank you for your leadership on this critical issue for the San Francisco Bay area.

I have attached our recent letter to the Mayor's Hunters Point Shipyard Citizens Advisory Committee (CAC), and my staff will attend CAC meetings whenever requested. I have also attached our official comment letter on the Navy's June 2018 Draft of the *Parcel G Removal Site Evaluation Work Plan*. By providing maximum transparency and efficiency, we will not only protect the residents' health and safety, but we will also restore public confidence.

EPA remains committed to keeping your office informed about developments at the Hunters Point Naval Shipyard Superfund Site. I support your effort to reconvene the agencies this fall and look forward to our next meeting. Our Superfund Division Director, Enrique Manzanilla, and his staff have provided regular updates to your Chief of Staff, Robert Edmonson, and we will continue to be available to address any questions from your office. If EPA can give further assistance or you have any questions, please call me at (213) 215-3104 or via e-mail at stoker.michael@epa.gov, or you can refer your staff to our Congressional Liaison, Brent Maier, at (415) 947-4256 or via e-mail at maier.brent@epa.gov.

Sincerely,

Michael Stoker
Regional Administrator
